The Marian Fathers at the Cana Center in Kibeho, Rwanda are translating a book about the apparitions of Our Lady of Kibeho!

Fr. Andrew Jakacki, SAC, is a Polish priest who has worked in Rwanda for many years and is an expert in the apparitions of Our Lady of Kibeho. He has written a doctorate dissertation describing in exact detail how the apparitions unfolded. It also includes the messages of Our Lady of Kibeho, and it has an imprimatur from the bishop! Over the past three years, this book has been translated from Polish to French and is now in the process of also being translated into English. Once finished, it will be the only writing of its kind in English. The project is nearly complete and funds are needed to complete the English translation, have it edited, and sent for printing.

We need $3,000 for this important work.
